Indeed! By day I'm an educational media designer and by night I'm hoping to save the planet from climate devastation! I work on two fronts: helping communities find ways to transition to 100% renewable energy and ending the deadly reliance on methane-polluting natural gas and fracking.

I believe we have some fantastic resources in our state we can lean on to put a plan together to work with communities and bring NC to 100% renewable energy by 2030. I would love to see Governor Cooper tap individuals across the state to form a working group to help in this work. We have organizations that have worked with energy engineers and climate scientists to develop plans to help us do this work. This is what I want to talk with you about. I think we can do this and I want to help!

I would ask Marvin Winstead and Nancy LaPlaca to join me. Nancy is a consultant on energy and in particular, in renewable energy. Marvin has a wealth of knowledge on the Atlantic Coast Pipeline and the impacts it would bring to residents and the environment along the proposed route. These to touch both sides of this coin for me. They're smart, knowledgeable on the issues, and I think would help us toss around ideas towards a solid proposition.

Hope this helps frame the conversation I have in mind. Please let me know if you have any thoughts.

Thanks again for making time to meet!

Amanda

Great. That'd be fine. Could you let me know who will be coming and give me a sense of what you'd like to discuss? While you mentioned RE in your request, I ask because the organizations listed in your signature engage on a range of issues.

Please come to the Administration Building on Jones St. Let the first-floor receptionist know you are here, and I'll come down. Thanks.

Thanks very much, Jeremy, next Friday at 10:00 would work fine for me. Is it okay if two others join us?

Thanks again!

Amanda

Amanda,

Following up on your request below, I am the Governor's policy advisor for energy and environmental issues and would be happy to meet with you. Unfortunately, I am not available on the 9th. Would 30 minutes on Friday the 11th work for you at 10am or later?

Hi Ms. Robertson,

Thank you for requesting to meet with Governor Cooper regarding renewable energy in North Carolina. Unfortunately, he is unable to meet and I am sending his regrets.

By copy of this email I am forwarding the information to Governor Cooper's policy staff in hopes that they can discuss this with you.

Best,

Claudia Shoemaker

Full Name: Amanda T. Robertson

Telephone Number: [919-280-1970](tel:9192801970)

Email: [amandarob@gmail.com](mailto:amandarob@gmail.com)

Event Date: Wednesday, August 9, 2017

Street Address, City, State, Zip: 244 Prince Creek, Pittsboro, NC 27312

Description of Event/Message: I would like to meet with Governor Cooper and/or his staff to discuss strategies to help towns, cities and counties across North Carolina transition to 100% renewable energy by 2030.

Municipalities need tools and solutions. I work with several environmental organizations across the state and we are ready to assist the governor in this great work. My schedule is very flexible, so please let me know when would be most convenient for him. Thank you! - Amanda Robertson
